

The trusted Conflict of Interest Solution for US healthcare providers

The bespoke solution for healthcare organizations managing conflicts of interest

CoreStream GRC's **tailored** platform empowers healthcare providers to manage conflicts **efficiently** and **effectively**, with features designed to meet the unique demands of the sector:

- **Fully configurable workflows** – Customize terms, prompts, and guidance to align with your internal policies and business processes.
- **Integrated Open Payments comparison** – View staff disclosures side-by-side with Open Payments data for enhanced transparency and assurance.
- **Intuitive user experience** – A clean, simple interface ensures healthcare professionals can log in and complete disclosures without training.

Ensure compliance and build trust with CoreStream GRC's purpose-built staff declaration solution, designed specifically for healthcare organizations.

- **Time-saving automation** – Benefit from automated reminders, branch-logic forms, streamlined workflows, and conflict escalation.
- **Seamless HR integration** – Connect with your preferred HR system (e.g. Sage, Workday & Oracle) to synchronize staff data and streamline onboarding.
- **Enterprise-grade security** – A secure system aligned with key IT certifications, including ISO 27001 and TX-RAMP, to meet your organization's compliance requirements.

"If I go off to another compliance office and they don't have anything like this in place, **I will be suggesting CoreStream GRC.** I think it's a great system. It's an easy process, for employees and for us. We can log in and very **easily do what we need to do.** I really do enjoy CoreStream GRC."
