

Data Privacy Management Solution

Clear, effective data privacy management you can trust

CoreStream GRC's Data Privacy solution is built to **flex around your business**, not the other way around, giving you the power to navigate GDPR, CCPA, and global privacy laws with confidence.

Go beyond just meeting requirements, turn data privacy into a business asset that builds trust, strengthens security, and keeps you ahead of the regulatory curve.

Trusted by companies around the world

CoreStream GRC's Data Privacy Management solution includes:

Reduce admin burden with streamlined asset and data management

Gain full visibility and control over your information assets

Stay compliant with real-time monitoring and automated actions

Access accurate, up-to-date insights without manual effort

Manage DPIAs, SARs, and FOIs in one central place

Visualize data flows to quickly spot risks and improve processes

Link information flows, risks, breaches, and actions to each asset

Raise and categorize breaches easily

“Sophie’s been really, really good. She understands our pain points, our volumes, and why we need something different.”

We’ve built a solution that works for us, but it’s transferable, not bespoke. That makes it more powerful for everyone.”

Marc Wilson
Head of Information Security and Data Protection Officer

"Delivering on some of the most complex third party risk, internal control, and risk management projects for major corporations.

CoreStream GRC's platform is a powerhouse: agile, highly configurable, and capable of being tailored to an organization's specific needs with minimal effort."

Michael Rasmussen

GRC Analyst & Pundit at GRC 20/20 Research

Smarter data privacy management is here

CoreStream GRC's Complaints Management solution empowers you to take charge, **transforming complaints into opportunities** for improvement while minimizing disruption. With real-time reporting, streamlined resolution tracking, and data-driven insights, you'll **stay ahead of issues** before they escalate.

CoreStream GRC gives you full visibility and control over complaints across your entire organization, with the ability to drill down into specific departments or regions. Our platform **centralizes complaint recording, accelerates resolution, and streamlines reporting**, enabling you to maintain operational resilience. With automated tracking, clear responsibility assignment, and actionable insights, you'll **reduce response times and enhance accountability**.

Take control of your data privacy management

Data privacy management software that aligns with your business's way of working

Automation replaced manual tasks – from hours to a few clicks.

Full audit trail with full version history available.

Strategic clarity and communication via smart live dashboarding.

"CoreStream GRC provided an adaptable and reliable solution that transformed our processes and reduced costs.

They are a **trusted partner** for all technology initiatives."
