GRC without compromise

The CoreStream GRC platform is built for flexibility, allowing tailored solutions for your specific risk & compliance needs without compromising on technology. CoreStream GRC offers **customizable features** like workflows, scoring models, and surveys, with seamless data connectivity.

As your business grows, you can **easily add modules from our suite of GRC solutions** and scale the platform to meet changing needs, with rapid implementation in weeks. Once live, you can **make adjustments using a no-code, menu-driven interface.**

Using pre-built, customizable features, **it’s as intuitive and versatile as building with Lego bricks – the solutions are limitless.**

Seamless integrations for your risk & compliance processes

“Game changing GRC technology”

Rapid speed of deployment, so you’re up and running in weeks not months

Fully-featured, workflow-enabled action tracking available with flexible, customizable reporting

Reduction in uncertainty enabling an organization to focus on achieving its objectives and acting with integrity.

We quickly appreciated that the CoreStream product was for us and, importantly, one with the potential and flexibility for our users to grow with. Added to this has been CoreStream GRC’s service that, from enquiry implementation, has been **faultless.**
