

Health & Safety Management Solution

Streamlined Health and Safety Management

Our intuitive and flexible Health & Safety Management software **simplifies compliance, reduces risks, and puts you in charge**. From incident reporting and risk assessments to audits and training, the CoreStream GRC all-in-one platform gives you **complete oversight**.

With real-time reporting from your entire workforce, you get 360° visibility into safety risks - no blind spots, no surprises. Harness powerful insights to **spot trends, take swift corrective action, and implement proactive measures** before risks escalate. Take control and feel confident in your workplace safety with CoreStream GRC.

Trusted by companies around the world

Deloitte.

UNIVERSITY OF
CAMBRIDGE

CoreStream GRC's Health and Safety Management solution includes:

Centralized incident logging with automated alerts and resolution tracking

Interactive dashboards providing real-time visibility into risk metrics

Customizable risk assessment templates tailored to your organization's needs

Automated compliance monitoring to ensure adherence to regulations

Audit scheduling and tracking tools for inspections and compliance checks

Mobile access for on-the-go reporting and information retrieval

Training management module to assign, track, and report on employee training

Integration capabilities with existing systems for seamless data flow

"CoreStream GRC provided an adaptable and reliable solution that transformed our processes and reduced costs.

They are a trusted partner for all technology initiatives."

“

"Delivering on some of the most complex third party risk, internal control, and **risk management** projects for major corporations.

CoreStream GRC's platform is a powerhouse: agile, highly configurable, and capable of being tailored to an organization's specific needs with minimal effort."

Michael Rasmussen
GRC Analyst & Pundit at GRC 20/20 Research

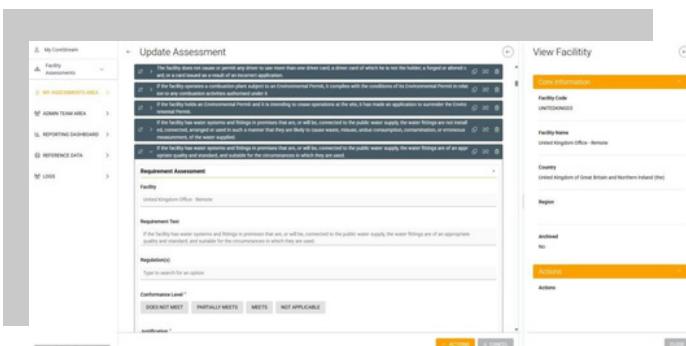

Proactive risk control built around your workforce

The CoreStream GRC platform is built for flexibility, allowing tailored solutions for your specific risk needs without compromising on technology. CoreStream GRC offers **customizable features** like workflows, scoring models, and surveys, with seamless data connectivity.

CoreStream GRC's Health and Safety Management solution gives you the power to stay ahead of risks. Our **centralized dashboard enables real-time monitoring** and reporting across all departments and regions, ensuring no hazard goes unnoticed.

With advanced analytics, you can identify recurring risks, take proactive measures, and strengthen your health and safety management strategy. **Automated alerts and reminders** ensure that every potential hazard is **identified, assessed, and resolved** -without the burden of manual oversight.

Turn safety from a requirement into a shared responsibility

"Game changing GRC technology"

Rapid speed of deployment, so you're up and running in weeks not months

Fully-featured, workflow-enabled action tracking available with flexible, customizable reporting

Reduction in uncertainty enabling an organization to focus on achieving its objectives and acting with integrity.

We quickly appreciated that the CoreStream product was for us and, importantly, one with the potential and flexibility for our users to grow with. Added to this has been CoreStream GRC's service that, from enquiry implementation, has been **faultless**.
