Benefit from pre-configured versions, or work with our team of experts to build a bespoke solution to your exact requirements and **chosen data sources.**

Trusted by companies around the world

NHS **Deloitte.** **BBC** **pwc** **FORTUNE 500** **UNIVERSITY OF CAMBRIDGE** **GWR**

CoreStream GRC's Third Party Risk Management solution includes:

Risk segmentation aligned to your risk model	Dashboards and drill down, flexible reporting
Workflows based on risk	Interfaces with ERP and other systems
Third-party document uploads	Deep dive due diligence using data providers you choose
Inherent risk and third-party questionnaires	Sanctions and adverse media screening

60% of organizations work with over 1,000 third parties, and these numbers will only continue to increase as business ecosystems expand and become more complex.

In the last four years, legal and compliance leaders have classified 2.5X more third parties as high-risk.

Managing third party risk is critical for business.

Gartner.

Manage your third party risks without compromise

The CoreStream GRC platform is built for flexibility, allowing tailored solutions for your specific third- party risk needs without compromising on technology. CoreStream GRC offers customizable features like workflows, scoring models, and surveys, with seamless data connectivity.

As your business grows, you can easily add modules from our suite of GRC solutions and scale the platform to meet changing needs, with rapid implementation in weeks. Once live, you can make adjustments using a no-code, menu-driven interface.

Using pre-built, customizable features, it's as intuitive and versatile as building with Lego bricks – the solutions are limitless.

Seamless integrations for your third-party risk processes

"Game changing GRC technology"

Standardization of risk assessment and ongoing monitoring based on the third-party risk profile.

Ability to react to risk as it arises in the supply chain.

Reduction in uncertainty enabling an organization to focus on achieving its objectives and acting with integrity.

We quickly appreciated that the CoreStream product was for us and, importantly, one with the potential and flexibility for our users to grow with. Added to this has been CoreStream GRC's service that, from enquiry implementation, has been **faultless**.
